AHMAD NAWASH

THE AMERICAN CENTER

INTRODUCTION

The problem that captures the attention of the Islamic nation in general, and the Arab World in particular, is the problem of Palestine.

The past twenty years of wars, tragedies and miseries have had a direct impact on a few artistic individuals who have expressed social reality through their poetry, music or painting.

Artist Ahmad Nawash transmits the image of his society. In his paintings, the joys and sadnesses of his nation are reflected. Ahmad Nawash follows a personal path in painting. His paintings exemplify his hopes, anger and revolt. He is a painter who does not want to rely upon imagination, but to live in the world of reality, the world of his nation.

Ahmad is considered by many as one of the best painters that Jordan has produced.
